Subject: Reg Plan Galley Updates

Because you are so special, you are receiving your own private email. ☺ Attached are the Reg Plan Galleys for the Fall Reg Agenda w/OMB comments provided for your review for:

EG GHG Rule, p13;
Oil & Gas Review, p19; and
MATS RTR, p22.

Once In, Always In should be listed, but is missing from the Reg Plan. We will need to add it (sigh).

Please review the Highlights of EPA's Regulatory Plan section at the beginning of the document, as well as your projects. Send me any edits that may be needed in redline/strikeout. Note that OMB has provided comments in the Highlights section and provided a comment for the Oil & Gas Review on page 20. We will need senior management approval on any OMB edits that we disagree on. The turn-around time is short. Please send me any comments by Noon Wednesday, 8/22, if possible. Thanks.
